## BIN WASHER

# CONSERVE 360®

CONSERVE 360® is an innovative and eco-friendly cGMP bin washer. It has been designed specifically for the reliable cleaning of IBC (Intermediate Bulk Containers) bins after batches of a product have been manufactured to ensure it is contamination-free and ready for its next intended use.

With specially designed cleaning nozzles from Europe, it uses high-pressure jet technology to ensure zero dead zones, low downtime, real-time verification and cleaning traceability.

Find this information on our website:  
Machinery > Washing > CONSERVE 360

Features	Benefits
A crevice-free construction with zero fastener connections and a double-walled design with self-cleaning mechanism	cGMP-compliant design
Uniquely designed nozzles that help achieve high water-line pressure and an optimum flow rate and nozzle rotation speed	Facilitates effective chances of cross-contamination from previous batches
Specially designed cleanable pump	Provides flexibility in maintaining water-line pressure and flow rate as required
User-defined recipe-based cleaning with pre-programmed wash cycles	Fully automated, needs no manual intervention and guarantees excellent repeatable results
Designed to reduce water consumption by up to 60%	Saves time, and reduces ecological footprint and total cost of ownership
Integration with online conductivity measuring system to help monitor and record every washing cycle	Helps establish better control over the washing process and supports hassle-free documentation for GMP audits

# Aftermarket. Not afterthought.

At ACG, we understand that when you get a new piece of factory equipment, you're buying far more than a machine; you're also investing in a relationship that will last its lifetime.

That's why we take our aftermarket service so seriously.

Whether you need advice or training, are preparing to make your factories 'smarter', or simply need a machine fixed fast, know that ACG will always go above and beyond to offer excellent service and value. As far as we're concerned, we're in this together – for life.

# Let's talk.

Get in touch to find out more about our range of products and services. If you have specific equipment needs, we can even collaborate on delivering a purpose-made solution. We look forward to chatting.
